JAPANESE MINISTERS UPHOLD MILITARISTS' ACTION IN TIENTSIN

Britain Asked To Adopt "Cautious Attitude," Mr. Arita Tells The Cabinet

TOKYO, JUNE 16 (REUTER).—IT IS UNDERSTOOD THAT THE JAPANESE CABINET HAVE DECIDED TO UPHOLD THE ACTION TAKEN BY THE MILITARISTS IN TIENTSIN and have also agreed that they should "go ahead with the Government's fixed policy" in the matter.

The decision was reached after the Ministers heard a report from the War Minister, Gen. Itagaki, who said that the authorities on the spot had taken all appropriate measures "with caution, but firm determination."

Mr. H. Arita, Foreign Minister of Japan, told the Cabinet that Britain had expressed regrets over the action in Tientsin and "sought elucidation" of the proclamation issued by the military commander, announcing the blockade.

Restrictive Measures Tightened

Few Chinese Permitted To Enter

TIENTSIN, June 16 (Reuter).—The Japanese have tightened their restrictive measures to-day. Very few Chinese are permitted to enter or leave the blockaded areas and batches of labourers were refused admission to the Concessions and were instead driven off in lorries by the Japanese reportedly for work elsewhere.

Early this morning the sleep of British residents was shattered by an outburst of firing in the Japanese controlled area near the barricade closing the Race Course Road entrance to the Concession. Excitement ran high and was intensified when it was learned that two Chinese had been shot after they had been caught handling baskets of vegetables across the barricade, as "a lesson to others."

AGITATORS BUSY

Agitators are still very busy in the Japanese-controlled area, stirring up anti-British and anti-foreign feeling.

Several visited laundries in the German Concession who were catering for foreigners, abused the owners and workers and scattered the washed clothing. The food situation remains critical. Some vegetables and milk were brought in during the night, but was not sufficient to meet the needs of the residents. Britons are smarting under the indignities generally and are not venturing outside the Concession.

He replied that "no official report was received from the authorities in Tientsin but the affair should be settled locally" and asked the British Government to "adopt a cautious attitude and to co-operate with Japan in securing a fundamental solution of the dispute."

Japan's terms for calling off the blockade are indicated in a Tientsin message to the Domei News Agency, namely:—
1. Joint Anglo-Japanese investigations into the control of anti-Japanese terrorism in the Concession.
2. Cessation of Britain's "economic interference" in North China.
3. Surrender of \$50,000,000 silver held by the Chinese banks in the Concession.

The authorities on the spot are said to be determined to continue the blockade until the terms are "accepted and carried out."

MAYELL RELEASED

TIENTSIN, June 16 (Reuter).—Mr. Eric Mayell, survivor of the U.S.S. Panay, who was arrested by the Japanese for taking photographs at the International Bridge, has been released.

H.K. - Built Junks Sinks In Red Sea

FORT SAID, June 16 (Reuter).—The Chinese junk Panjin, sailing from Hongkong to the New York World's Fair, sank in the Red Sea while in the tow of a Greek Steamer.

The crew of three Britons, two Americans and a Dane, were all saved. The British master, J. Peterson, stated that the junk was built in Hongkong where she left on December 31, 1938, for New York, via Cape of Good Hope.

The Panjin encountered a cyclone north of Mauritius and was driven back to the Seychelles Islands for repairs. She finally sprang a leak in the Red Sea.

PARADE CALLED OFF!

TOKYO, June 16 (Reuter).—The attempt by Japanese "reservists" and others to parade through the British Concession in Tientsin has been called off on the advice of the Japanese military authorities there.

It was planned to march to the Concession cemetery containing the graves of Japanese killed in the Boxer rising.

CENSUS OF FOREIGNERS IN PEITAOH

JAPANESE MAY TAKE ACTION

SHANGHAI, June 16 (Reuter).—It is learned that the Japanese authorities have ordered that a census be made of all foreigners in Peitaho, famous summer resort in North China.

Peitaho is at present full of holiday-makers avoiding the intense heat in other parts of China and augmented by the influx of women and children who fled thither just before the outbreak of the blockade of the British Concession in Tientsin.

It is rumoured, though it cannot be confirmed, that the Japanese are contemplating some form of action against the British there. The question of dispatch of a British destroyer to Peitaho is at present under consideration.

NOT ALTOGETHER SATISFACTORY

MOSCOW, June 16 (Reuter).—M. Molotov, Soviet Foreign Commissar, again conferred with the British and French Ambassadors and Mr. William Strang, the Foreign Office expert, this morning after a conversation lasting three hours yesterday.

Authoritative circles describe the Anglo-French proposals as not altogether satisfactory.

The Estonian State President has called a special meeting of the State Council for June 21 in order to ratify the Non-Aggression Pact signed with Germany on June 7.—(T. O.)

337,000,000 Peace Bloc

Mussolini has spoken arrogantly of 150,000,000 people stretching from the Baltic to the Indian Ocean. These are the myriads of the Axis.

But what of the Peace Front, the Powers united in their determination to resist aggression?

Here are their numbers:

Great Britain	45,000,000
France	42,000,000
Poland	33,000,000
Rumania	18,000,000
Turkey	16,000,000
Greece	6,000,000
Portugal	7,000,000
Russia	170,000,000
Total	337,000,000

To these figures might be added those of the rest of the British Empire, 455,000,000. And there are the friendly 140,000,000 of the United States of America. (Evening Standard, May 23).

KING AND QUEEN HOMEWARD - BOUND THOUSANDS SHRIEK FAREWELLS AS EMPRESS LEAVES HALIFAX

Visit Has Inspired A Deeper Sense Of Unity: Premier's Statement

LONDON, JUNE 16 (REUTER).—REUTER'S SPECIAL CORRESPONDENT ABOARD THE EMPRESS OF BRITAIN WRITES THAT THE KING AND QUEEN AND ROYAL SUITE ON BOARD, left Canadian waters early to-day homeward bound, via Newfoundland, with a prospect of fair weather.

The King telegraphed his thanks to the Canadian destroyers Skeena and Saquenay which escorted the C.P.S. liner to the three-mile limit.

One hundred and fifty thousand people shrieked farewells as the liner left the docks at Halifax while in the breakwater a choir of 1,000 voices sang across to Their Majesties the song, "Will ye no come back again."

One of the last telegrams received by Their Majesties was from Brigadier Foster, Dominion Commander of the Canadian Legion, telling them that the visit had "inspired in us a deeper sense of unity of the peoples of the British Empire."

POWER AND GOODWILL
HALIFAX, NOVA SCOTIA, June 16 (Reuter).—The Prime Minister of Canada, Mr. Mackenzie King, told reporters that Their Majesties the King and Queen had shown what power and goodwill can accomplish in community, nation and international affairs.

"We all had the opportunity to see the part played by the Crown in the affairs of British communities. In Their Majesties we have seen two young people hold the unique position of embodying the ideals of home, family and State which respond to those things of our own make-up, and which we cherish and hope to see survive," said the Premier.

Mr. William Abernethy, Prime Minister of Alberta, in a statement to the press declared that the Royal visit had awakened national spirit in Canada.

UNIFYING INFLUENCE
Statements from the Premiers of Manitoba, Saskatchewan, Prince Edward Island and British Columbia, all stressed the unifying influence of the visit, similarly the editorials in the press.

For instance, the "Calgary Albertan," after eulogising the King remarks, "It was for that greatness that the walls in the terraces of religions and nations fell and their very stones proclaimed the oneness of the Canadian people with the American neighbours with each other."

DEFENCE MINISTER'S ASSURING STATEMENT IN LORDS Government's Measures To Expedite Supply Of Munitions And Armaments

LONDON, JUNE 16 (REUTER).—I BELIEVE THERE NEVER HAS BEEN A TIME WHEN OUR PLANS FOR WAR HAVE BEEN SO CAREFULLY LAID ON GIVEN SO MUCH THOUGHT," declared Lord Chatfield, Minister for Co-Ordination of Defence, in a reassuring statement in the House of Lords on Government measures to expedite the supply of munitions and armaments.

Continuing, he said: "We are well on the way to achieve our aim of being more ready for war in peace than we have even been."

"By the energy and devotion of our scientific staff we have harnessed science in such a manner that the risks and anxieties of ten or twenty years ago, in many respects, are no longer of the same degree."

"In many instances defence is rapidly catching up attack: we have the men we need, and they are of a higher average physique and intelligence than ever before in our history. This human factor is the main asset because, if ever we are to be tested, it is that factor that will decide our future."

Lord Chatfield, in the course of his statement, described the elaborate plans to meet an air attack, these including fast squadrons of fighter aircraft in ever increasing numbers, so disposed as to be able to intercept the enemy at the earliest possible moment.

The whole country has been re-organized by specialist officers during the last few years with the object of "discriminating where special protection against air attack is desirable. Arrangements have also been made to provide protection at thousands of vulnerable points against sabotage and it is believed that every reasonable precaution has been taken."

United States Cannot Be Indifferent To Outcome

LONDON, June 16 (Reuter).—The Paris and New York press express considerable concern over the situation in Tientsin. The burden of Paris comment is shown in such passages as:—
"La Justice": "Japan's coup de force will precipitate the three-power pact. The warning in Tientsin will be understood both in London and Moscow nor will the United States be unconcerned."
"L'Ordre": "It can hardly be doubted that the Japanese initiative was decided jointly by Berlin, Rome and Tokyo. Henceforward the pact with Soviet is an absolute

necessity, materially and morally. The 'New York Times' and the 'New York Herald-Tribune' both are convinced that the United States cannot be indifferent to the outcome."
"New York Times" declares that the position of the United States is in no way comparable to that of Britain and France, and in the present controversy her policy cannot be co-ordinated with theirs, but "the obvious coincidence of events in two continents sound an alarm to which the Government and people of the United States cannot be indifferent."

Macao Race Meeting: Seven Handicap Events On The Programme

(BY "LAST QUARTER")

An attractive programme of seven handicap events has been arranged for the June Race Meeting of the Macao Jockey Club, to be held at the Areia Preta Course to-morrow afternoon.

Entries from Hongkong owners have been encouraging and will undoubtedly be the means for some of the ponies to pick up expensive money for the summer months.

The S.S. Taishan will leave Hongkong at 9.30 a.m. but the return trip has been put back a couple of hours and the steamer will sail from Macao at 8 p.m.

AREIA PRETA HANDICAP

In the opening event over seven furlongs, I like the chances of Shanghai 4, but have been reliably informed that this grey is being held over the 5th race. Merry Maker is a game racer and in the absence of Shanghai 4 should be good enough to win. Victory Life is quite dangerous if this black decides to run, but he was sent to the post twice during the last meeting and on both occasions refused to budge at all when the flag came down. Meadow Eve and Hogmanay should occupy the remaining positions.

MA KAU SIAC HANDICAP

Mongolian Cat has been absent from the track for quite a time and I doubt if he will be seen in action to-morrow. This race should develop into a fight between Eagle and Cloudy Star, with the chances slightly in favour of the former. Iron Knight is the next likely one.

MONTÉ HANDICAP—FIRST SECTION

Palmer will once again be difficult to beat, even at 163 lbs., as the distance (6 furlongs) suits this grey very well indeed. March Brown has also done some serious training at the Valley and should be near securing a place. Mac's Adventure and King's Parade are two others that may secure place money. To those looking for a big dividend I recommend Arabian Cat, particularly if the services of a strong jockey is secured. National Dignity looked all "tucked up" when I last saw him and doubt if the connections will start this pony.

BARRA HANDICAP—FIRST SECTION

If all the ponies entered in this race are sent to the post, it should produce the best finish of the afternoon. Fit as Dekko is of late, I will be surprised if he can withstand the challenge of Gold Coin who has improved considerably and has the added advantage of weight. Double Chance is also a

decided danger and Night View may be the surprise packet as this black has been close on several occasions during recent meetings.

GUIA HANDICAP

Fairy Auk, carrying top weight of 160 lbs., should have no difficulty in winning this five furlongs sprint. Next in demand should be Shanghai 4, and this grey will probably be followed home by Rothesay Bay. Merry Fatty is a fast pony and may be worth backing as an outsider.

BARRA HANDICAP—SECOND SECTION

The field is evenly balanced here and the issue should be between Sports Venture and Wild Bear. Welcome is also dangerous but the seven furlongs might just be beyond his capabilities. Jack O'Lantern is a good sprinter and may just secure a place.

MONTÉ HANDICAP—SECOND SECTION

The final event should bring out the largest field of the day. On paper, Geordie is the logical one to follow and I believe this grey is good enough to account for the other runners. There is little to choose between Charcoal, Latitat and True Love, though the former is a little superior. Opening Batsmen is coming on nicely and this chestnut is the best outsider to follow.

H.K.C.C. BOWLS GREEN

The new lawn bowls green at the Hongkong Cricket Club is fast nearing completion. Bankings have been finished and the main work left now is the digging of small "gutters" all round.

If the weather, which has been interfering considerably with work, turns favourable, play will probably begin in a week or fortnight.

BASEBALL:

WEEK-END PROSPECTS: TOUGH ASSIGNMENT FOR HONGKONG BASEBALLERS

(By "R.O.Y.")

Although prospects, at the time of writing, are anything but bright, local baseballers are hoping that the weatherman will be kind enough this week-end to allow them to carry on with their programme.

Three matches are down for decision and, with the U. S. S. Mindanao away from the Colony, the Hongkong Baseballers have drawn the tough assignment of meeting two of the strongest teams in the league, in a double header.

This afternoon, at 2.30 p.m. sequent outings, but as the Club the Club start on their first leg are fielding a stronger line-up against the Chinese Baseballers, another close battle should result, with the odds in favour of "Doc" Molthen will probably start the same squad as did duty against the Union Brewers, but will make positional changes to bring Ernie Hearther back to his regular berth at the initial sack, with "Doc" going on garden patrol. Honorata Paulino, who had intended to leave for Manila during the week, has changed his mind and his services are likely to be available for the remainder of the season.

Previous Meeting
The Chinese were given a great battle by the Baseballers in their previous meeting and just managed to scrape through on the long end of an 8-6 score; they did show improved form in their sub-

Sunday's Games
The first game to-morrow morning commences at 10.00 a.m. and will see Recreio in action against the South China gang. The latter squad created a big upset when they trounced the Portuguese boys earlier in the season but, for this match, will be without the services of Pau Ka Ping who was mainly responsible for their previous victory. Another absentee will be Fung King Cheong whose position will be ably filled by Dick Shum, South China's new gardener. Bill Chang is another newcomer who will

TOPPER TAKES A TRIP

Local audiences laughed loud and long when "Topper Takes A Trip" was unveiled at the Majestic Theatre through United Artists release. With this sequel to the vastly successful "Topper" of last season, Hal Roach has again rung the bell, and provided us with another ninety minutes of solid entertainment. Or rather, transparent entertainment, for much of the hilarity depends upon the camera which allows characters to disappear at will.

Roland Young is back as Topper, still harassed by the ghostly Marion Kerby, again portrayed by saucy Constance Bennett. Billie Burke and Alan Mowbray have their old roles of Mrs. Topper and Topper's man, respectively. Verree Teasdale, Franklin Pangborn, and Alexander D'Arcy are additions to the comedy cast. Norman MacLeod, director of "Topper," again wielded the megaphone.

CANDID CAMERA CLIPS

Wesley Ruggles has signed with Columbia that's Hollywood's biggest news. This prominent director, who has made some of the screen's most sensational hits, soon checks into the Gower Street Studio for his first big Columbia production.

Penny Singleton has fully recovered from her Friday the 13th accident and has rejoined Arthur Lake in "Blondie Steps Out."

Little Larry Simms, Baby Dumpling of the Blondie comedies, just received a unique honour... he became the world's youngest mayor. Larry only four, is now Honorary Mayor of Venice, Calif.

Paul Mantz, famous flyer, has also recovered from Friday the 13th ill luck... Mantz cracked up his ship in Utah while doing a thrilling scene for "Plane No. 4," tentative title for the Howard Hawks drama featuring Cary Grant, Jean Arthur, Richard Barthelmess and an impressive cast.

Grant, by the way, will be Noel Coward's host when the popular British playwright and actor visits Hollywood.

Grant was given a surprise birthday party by Jean Arthur and cast of the picture.

Fay Bainter has added another music box, 1894 type, to her collection... now being featured with Ida Lupino in "The Lady and the Mob," which some predict will be one of the season's surprise comedy hits... Fay's music boxes now number 97.

Maureen O'Sullivan gifted a script girl with a unique and rare bracelet of silver coins... after completing "Let Us Live" with Henry Fonda and Ralph Bellamy.

"Outside these Walls" is now in production, with Ray McCarey directing a cast featuring Dolores Costello, Michael Whalen and little Virginia Weidler.

WHEN DOCTORS WORE SILK HATS

When doctors used to wear tall silk hats, they had a reason. They always carried the implements of their trade in them. This professional kit consisted of a pen knife, an ink bottle for writing instructions to an apothecary, a quill pen, a larger knife for minor operations, and a blister-toury for surgical attention.

This and several other tit-bits of medical history was unearthed by the research department of Samuel Goldwyn's studio in preparation for filming Emily Bronte's immortal "Wuthering Heights," which is to star Merle Oberon.

Little refinements of the trade such as the present day doctor's bag—used then only for child-birth cases—came a good many years after the period of the picture, 1800-1825.

A canny "Frenchman" by the name of Rene Thosiphille Hyacinthe Laennec stumbled on the stethoscope in 1814 when he was called upon to examine an enormously fat woman through whose layers of flesh the heart beat could not be felt with the hand.

Necessity, it would seem, is the mother of invention; invention, the mother of progress!

PALESTINE POSITION BRITISH WHITE PAPER PROPOSAL EXPLAINED TO MANDATES COMMISSION

GENEVA, June 16 (Reuter)—The Mandates Commission finished the examination of the report on the Palestine Mandate and disclosed that owing to the heavy cost of the recent disturbances the education budget of 1939 would have to be reduced.

The general impression was that despite the disturbances the administration had been functioning smoothly and that police vigilance regarding narcotics was in no way relaxed.

It was also disclosed that special measures were being taken to relieve unemployment among the Arabs, amongst whom it was more prevalent than among the Jews.

Contrary to expectations, Mr. Malcolm MacDonald, the British Colonial Secretary, was not present in the morning. He will be making a statement regarding the position of the mandatory power at the afternoon's meeting which will begin the examination of the White Paper proposals.

British Policy

When the session opened in the afternoon, Mr. MacDonald explained the British policy in Palestine and said that it was, at present, a premature attempt to sketch the constitutional provisions which would be most appropriate for the securing of essential interests for both the Arabs and the Jews.

Maybe the best arrangement would be a predominantly Arab province, or provinces, and a predominantly Jewish province, or provinces, each with a large measure of local autonomy and a central government to deal with matters of common concern.

But it was essential that both should have a free life in accordance with their own traditions and beliefs. Only by means of that freedom to each could peace, friendship and prosperity be restored on a permanent foundation.

BIG CLAIM AGAINST GERMANY

SABOTAGE DAMAGE IN U.S.A.

WASHINGTON, June 16 (Reuter)—Claims against Germany, amounting to \$50,000,000 for wartime damages, was allowed in the Supreme Court by Mr. Justice Roberts, acting as umpire for the German American Mixed Claims Commission.

The claims arose from the alleged acts of sabotage on the munition works at Blackton, in Kingsland.

The Judge set aside the previous decision in favour of German on the ground that certain German witnesses committed perjury. The chief of the claimants were the Lehigh Valley Railroad, the Bethlehem Steel Corporation and various insurance underwriters.

Smuggling Of Jewish Refugees

BRITISH POLICE OFFICER & SOLICITOR CHARGED

JERUSALEM, June 16 (Reuter)—Hearing was opened in the District Court of the case against a British Police officer, Inspector Harry Goddard, and Max Sellman, a British Lawyer, who are accused of assisting an organization engaged in smuggling Jewish refugees into Palestine.

Thirty charges have been formulated by the Criminal Investigation Department of the Palestine Police.

Sellman has a large legal practice and is the president of the Palestine Crown Colony and Dominion Association, whose object is to have the Holy Land incorporated as an integral and juridical unit of the Empire.

13 KILLED: 20 INJURED

BERLIN, June 16 (Reuter)—Thirteen were killed and twenty injured when the Berlin to Prague express was derailed near a town in Sudeitenland.

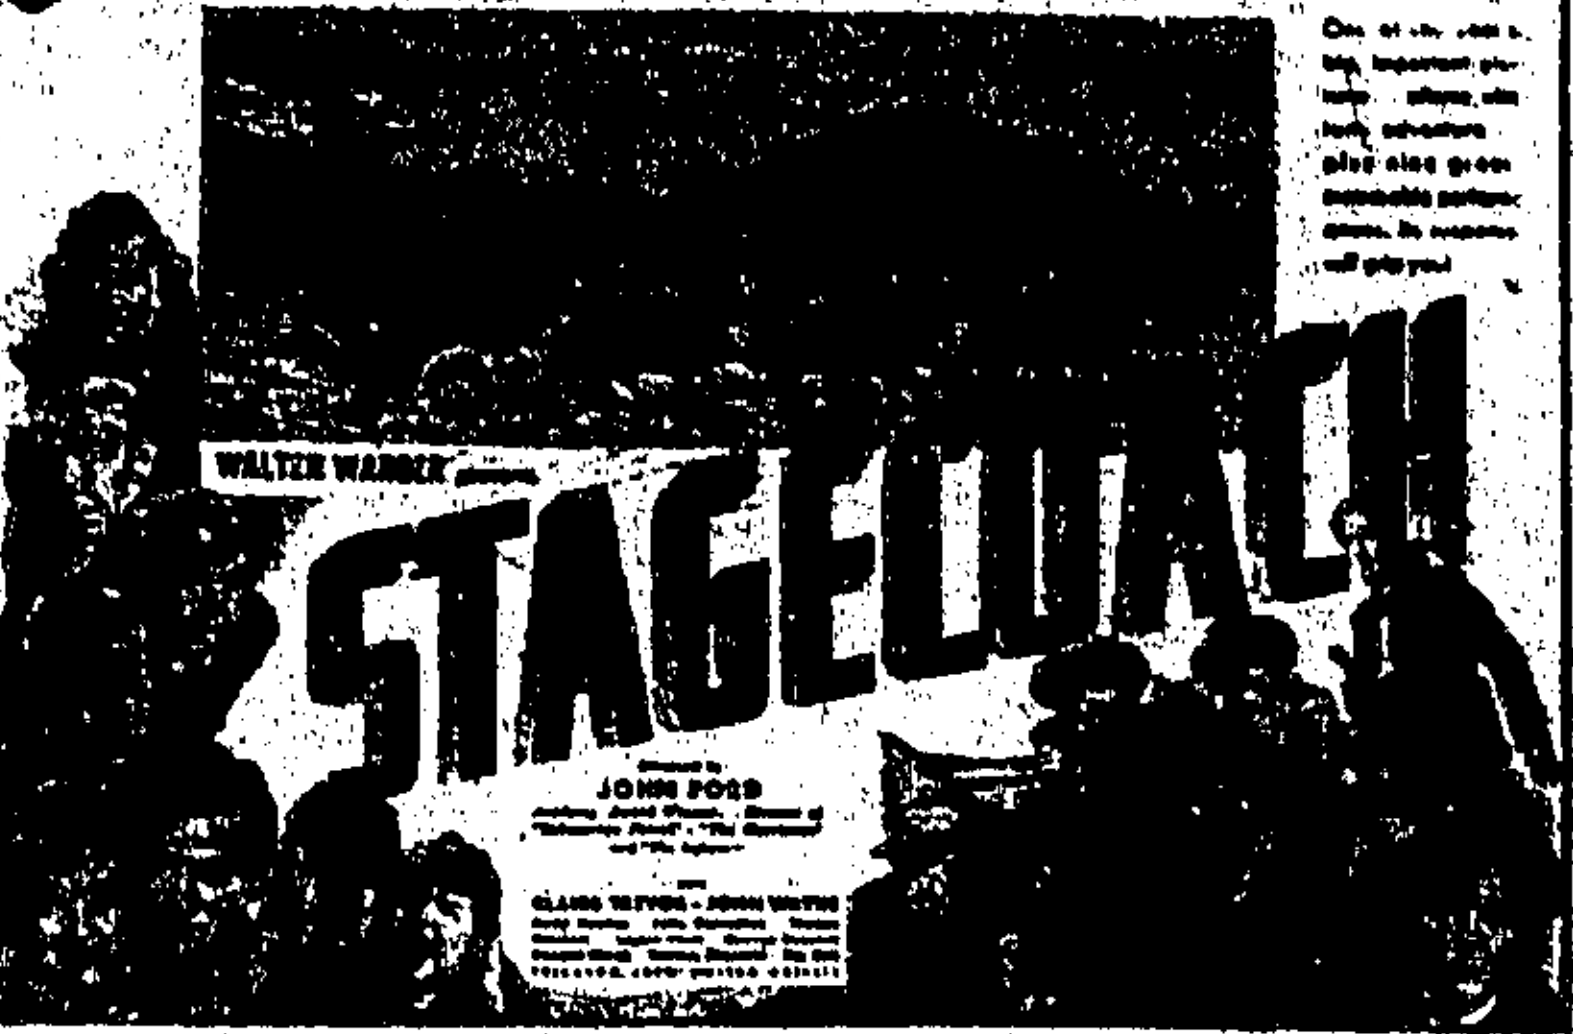

Three coaches were overturned and the signal box wrecked.

DAYLIGHT CURFEW ON JEWISH QUARTER

JERUSALEM, June 16 (Reuter)—Daylight curfew, to be continued for ten days, was imposed on the Jewish quarters in Tiberias, as a sequel to an explosion there on Monday when a land mine blew up a Government workshop, killing one and injuring twelve.

H.K. Prepares For London Bazaar

NATIONAL RELIEF ASSCN. MEETING

A meeting of the Hongkong branch of the National Women's Relief Association took place at the Chinese Merchants' Club, China Building, yesterday afternoon in the form of a tea party for the purpose of preparing a campaign to collect articles for a charity bazaar to be held in London this summer to raise funds for war relief in China.

This campaign is in response to a letter received from Madame Chiang Kai-shek who had received an appeal from Madame Quo Tai-chi, wife of the Chinese Ambassador to the Court of St. James's.

Among those present at the meeting yesterday were Mesdames Sun Yat-sen, H. H. Kung, T. Y. Soong, Liao Chung-kai, C. C. Wu, Ma Chao-chun, wife of the Vice-Director of the Social Department of the Kuomintang Headquarters, and representatives of various relief organizations.

A list of articles intended for the bazaar was presented and the Association will be grateful for any gifts, no matter how small, to make the campaign a success. The articles are to be of Chinese make only, such as embroidered goods, lacquer ware, jades, ivory, etc.

The death occurred on June 5 at Bath, of Christobel Berkeley, widow of Mr. Henry Charles Berkeley, and daughter of the late Walter Meredith Deane, C.M.G., formerly of H.M. Civil Service in Hongkong, of the late Mrs. Deane, formerly of Bath. The funeral took place at Locksbrook Cemetery, Bath, on June 8.

KOWLOON'S NEW RESTAURANT OPENED

Its four rooms gaily decorated with flowers, the "Chantecler," Kowloon's most modern restaurant, was opened yesterday when the proprietresses, the Misses L. G. and S. Ellis, entertained some 200 visitors.

The Restaurant "Chantecler" promises to exercise quite some influence on the social life of Kowloon. Situated close to the Tsimshatsui residential district, it will permit Kowloon residents dinner dances every night and tea dances twice weekly without the necessity of crossing the harbour.

EXCELLENT CUISINE

Also, the Restaurant offers an excellent cuisine, and the Lounge, the Grill, the Snack, and the Winter Garden all have their attractions. From 8 a.m. to midnight the "Chantecler" will be open to accommodate from 100 to 150 diners. An attraction is the Chantecler Trio, German imported musicians.

The Restaurant's main attraction to Kowloonites will lie in the excellence of its bakery. To-night an "Opening Night" dinner dance will be held.

PROSPHOLENE CRYSTALS

With the hot weather here again all housewives have their worries increased considerably—the trouble is "how to keep silks, worsteds, flannels, gaberdines, serge, stockings and other delicate fabrics clean and fresh."

PROSPHOLENE has a wonderfully gentle cleansing action to banish all such cares, not only for the summer but also for the winter dresses, for it is generally agreed that it has come to take the place of dry-cleaning because all materials, coloured or otherwise, can be cleaned at home in a latherless solution for a minute or so with most satisfactory results.

One heaping teaspoonful of Crystals to a gallon of cold water will bring the desired result and all one has to do is to dip the garment in the water—the dirt stains and odour will automatically disappear and it is as harmless as rainwater to any fabric, or to the skin.

Hundreds of satisfied users in Hongkong are agreed that there is nothing to beat Prospohlene for removing dirt and other stubborn stains from clothing. It may also be used for bath, cleaning furniture, and other household goods.

Peter Sheung, Cantonese employee of Messrs. Millington, Ltd., in Hongkong, was arrested in the billiard rooms of the Sun Hotel, Nanking Road, late on June 8 afternoon, after a cable had been received by the S. M. P. from the Hongkong police, requesting the immediate arrest of the man, who reportedly had been in Shanghai for the past four months.

Mary Chan, a Hongkong girl, appeared before Mr. C. H. Whittton, in the Singapore Traffic Court recently, and pleaded guilty to charges of driving without a licence policy. Imposing a fine of \$2 and \$18, respectively, Mr. Whittton told the defendant she was liable to a fine of \$500 for driving without an insurance policy. Accused was also disqualified from driving for a period of three months.

APPLICATIONS GRANTED BY LICENSING BOARD

One Will Be To November: Other Subject To Suitable Manager Being Appointed

TWO APPLICATIONS FOR PUBLICATION LICENCES, WITH-OUT BAR, were brought before the Licensing Board in the Council Chamber yesterday, one of which was granted up to November and the other granted subject to the employment of a male manager approved by the police as being suitable to run the place on proper lines and to keep order.

Applicants were Arthur Robert Thompson, the sign of the house concerned being "Gingles," No. 64 Gloucester Road, ground floor, and Miss Grace Ellis, of "Chantecler," Nos. 172, 174 and 176 Nathan Road, ground floor. Both applications were new. Mr. Thompson was represented by Mr. M. A. da Silva, solicitor.

Members of the Board present were Hon. Mr. N. L. Smith (Colonial Secretary) Chairman, Hon. Mr. C. G. Alabaster (Attorney-General), Mr. C. G. Perdue (Acting Commissioner of Police), Lt.-Col. H. B. L. Dowbiggin, Mr. C. Champ-kin, Mr. P. S. Cassidy, Mr. C. B. Brown, Mr. Ngan Shing-kwan and Mr. D. H. Collins Taylor (Secretary to the Board).

With regard to the first application the Acting Commissioner of Police said that there were five publicans without bar in Wanchai, four hotel keepers' adjunct and one restaurant adjunct.

There were also a very large number of services institutions, canteens, the China Fleet Club, the Sailors' and Soldiers' Home, etc., in all 16 different service institutions in that area catering mainly for servicemen.

NEW TO BUSINESS

There was also the point, Hon. Mr. Perdue went on, that the applicant was new to that form of business, was a resident of short standing, and was not known to them.

Mr. Silva, addressing the Board, said that Messrs. Loxley & Co. who had an interest in the premises, were agents for U.B. Beer, and intended it to be an outlet for that particular brand of beer, which was at present little sold in the other establishments in that vicinity.

He pointed out to the Board that Loxley's were at present paying something like \$250,000 to the Government by way of revenue, and that the premises were at present being run on very superior lines, and that cleanliness and orderliness were assured.

Mr. Thompson, Mr. Silva continued, had been night manager for the last two years at the Palace Hotel and the Board had records before them showing that Palace Hotel had been very well run by the present licensee with the co-operation of Mr. Thompson.

Again, applicant had also been in charge of the Stewards Department of the American Navy, and had attained considerable popularity amongst American naval men. The premises had, in fact, in its present short space of existence, proved very popular with American seamen.

Mr. Silva thought the Board would agree with him that it was desirable for American naval men to be segregated from servicemen of other nationality and urged that as an additional reason for the Board to grant the application. He concluded by submitting that if the Board were in any doubt they should grant him a temporary licence.

NO COMPLAINTS

In answer to the Chairman Mr. Perdue said: "I have the report here showing there has been no complaint against the Palace Hotel since Mr. Thompson has been there. My information about the ownership of the 'Gingles' is that it is shared between Loxley's and Mr. Gingle, licensee of the Palace Hotel."

The Chairman: As regards the superfluity of licensed premises that seems to be a question for the proprietor to look out for himself. If he can make it pay.

Hon. Mr. Alabaster: Each new publican's house in a district means that more police supervision is necessary?

The Acting Commissioner: Yes. The Chairman: You also agree that it is quite a good thing for sailors of that nationality to drink in their own premises?

The Acting Commissioner: Yes. The Chairman: The Board will grant a licence up to November, but with no promise of renewing it.

EUROPEAN MANAGER EMPLOYED

In answer to a question by the Chairman, Miss Ellis, the second applicant, said that she intended having a European manager on her premises, under her own supervision. The person she intended employing was a Mr. Fay, who had told her he had had such experience in Germany.

The Chairman: We are, are quite sure what sort of an establishment this is intended to be? — is it going to be like the Parisian Grill?

Miss Ellis: I think it is nicer. Mr. Cassidy: Would servicemen in uniform be admitted? — No.

Mr. Ngan: Servicemen without uniform? — Yes.

After the Acting Commissioner of Police had said that he knew nothing about Mr. Fay the Chairman announced: The licence is granted subject to the employment of a male manager, approved by the police, as being suitable to run the place and keep order. The police will inquire about this Mr. Fay, and if he is not suitable, about anyone else who may be submitted by the applicant.

IGNORANCE OF THE LAW PLEA

Kong Yee, 48, married woman, of No. 154, Klukiang Road, was fined \$5 for failing to register a 9-year-old ward, Chan Tai Tai, alias Chan Yuk, by Mr. Q. A. A. Macfadyen at the Kowloon Magistracy yesterday.

Inspector Fraser, of the S.C.A., said that on June 5, a letter was received from the anti-Mutual Society, alleging that an adopted daughter had been ill-treated by the defendant. On the following day a Lady Inspector of the S.C.A. went to the premises and found the child. There were no bruise or marks on her body.

Defendant pleaded ignorance of the law and said that the child was given away by her mother five years ago for a sum of \$50. His Worship advised her to report to the S.C.A. again.

FALSE PRETENCES ALLEGED

Cross-examination of Mr. J. A. Duff, a director of the Reliance Motors, was resumed before Mr. R. Edwards at the Central Court, when E. D. Sykes, broker, appeared on remand on charges of obtaining sums of \$1250 and \$1000 by false pretences, from the Reliance Motors.

Mr. O. E. C. Marton appeared on behalf of the complainants, while Mr. F. H. Losby was for the defence.

A further adjournment was granted.

Hongkong Emergency Refugee Council's Scope Of Work Widened

The development of the war situation in China and the Refugee situation in Hongkong has made it necessary, for the better carrying out of the two functions of the Hongkong Emergency Refugee Council, to form two parallel organizations.

CHARGE AGAINST INDIAN POLICE OFFICER

Alleged Receiving Of Bribes

Further evidence was recorded by Mr. E. Himsforth at the Kowloon Magistracy yesterday, in the case in which Lt. Sgt. Amrik Singh, is charged on four counts of receiving bribes, and four alternative charges of misconduct as a police officer by taking gratuities at the Mongkok Market on March 17.

Wong Yiu, Chinese Detective No. 109, attached to the S.C.A., said that on March 17, he was on duty in the market and was informed that an Indian was in the market collecting money from stall-holders there. At 4:30 p.m. he was at stall No. 70 when he saw the defendant, in plain clothes, arrive and ask for money from the stall foki, Wong Wai.

Defendant asked Wong to give him weekly money, and he saw Wong hand some money to defendant. Witness did not know how much money was given. Defendant then proceeded to the stall No. 72 and obtained some money from Yip Yung. Witness then left the place to call Insp. Post. The Inspector arrived and took defendant to the Police Station.

Marked Coins Insp. E. G. Post, of the S.C.A., stated that as a result of various statements made by stall holders in the Mongkok Market, he was instructed to make inquiries. These stall holders alleged that an Indian constable was collecting money from them.

He then sent for some of the holders to his office on February 4, and questioned them as to whether they did have to pay weekly money. They admitted that they had to.

Witness then requested these holders to hand him some money to be marked. Yip Yung, stall holder of No. 71, handed him 80 cents in ten cent pieces, which he had marked. Yip Sing, of stall No. 72 and 73, also gave some coins to be marked.

Witness asked the stall holders to hand the marked coins to the Indian policeman at a time when they knew Inspector Post would be in the vicinity. He also asked them to ask the Indian why they should pay the money.

At this stage, hearing was adjourned until Monday at 2.30 p.m.

The loss of a glass case, valued at \$40, has been reported by Sergeant Wilson, of Jubilee Building.

The first of these will be concerned with the refugees and destitute people in Hongkong. The second will be concerned with the relief of suffering in China itself.

At a meeting of the Emergency Refugee Council held last week it was agreed:—

(1) To constitute the Hongkong Refugee and Social Welfare Council for the first of these objectives, and (2) To constitute the Foreign Auxiliary to the National Red Cross Society of China for the fulfilment of the second.

Meetings Convened With regard to the first of these, viz., the Hongkong Committee, a meeting has been convened of the organizations represented on the Refugee Council to constitute the new Council and to appoint its Executive.

With regard to the Foreign Auxiliary to the Red Cross, representatives of different nationalities and of other societies engaged in similar work now in Hongkong are being asked to meet to form an Advisory Council and an Executive. It should be made quite clear that the amount of service for the suffering and distress done by the two new Committees will not be less than in the past. The hope is that it will be very much more.

Two Advantages Two advantages at least, are secured by this division:—

(1) The destitute in Hongkong are treated as a whole, whether they are refugees or not. It is hoped in this way that there may be greater fairness in the distribution of the money of the charitable public.

(2) The Foreign Auxiliary, to which the Governor of Hongkong, Madame Chiang Kai-shek and the British Ambassador have all signified their support, follows on the lines of the International Red Cross Committees which have been established previously in Shanghai, Canton and Hankow, and, in addition to giving some help to the orthopaedic and civilian sections of the Chinese Red Cross work, will support refugee work and medical work in China in co-operation with other Red Cross units.

DRAGON BOAT FESTIVAL

To-morrow, the Chinese community will observe the Dragon Boat Festival.

For over 2000 years the Chinese people have observed the Dragon Boat Festival. On the 5th day of the 5th Month (lunar calendar) every year, the famous boating race used to be held throughout the Celestial Empire and at noon a kind of triangular-shaped glutinous rice cake wrapped in taro (latir bamboo), leaves was dropped in the river. To this day this cake is served on this particular day in practically every Chinese home.

It is a yearly commemoration of Chu Yuan (about 338-288 B.C.), a great poet and patriot, author of the unique elegy "Li Sao" which has been translated into English by Dr. Lim Boon Keng.

Out of sorrow for his native state Ch'u (comprising the Provinces of Hupeh and Hunan) and despairing of any hope of re-admission into court where he might render valuable service, he drowned himself—to the sorrow and admiration of the whole nation.

AISSLE AND FAREWELL

"So the condemned man ate a hearty breakfast?"

"Oddly enough he did—in spite of last night's stag party. All set now for the orange blossoms."

"And the little head?"

"Ticking over beautifully old boy. Cool as a frame full of cucumbers. Am I becoming a saturated solution—or is it just the influence of a good woman?"

"Your ignorance of the facts of life, Edmond, is little short of monumental. Remember the long draught of Rose's Lime Juice. I made you drink before bedtime?"

"Pause and consider, Edmond—"

knowing me as you do—was that pure altruism?"

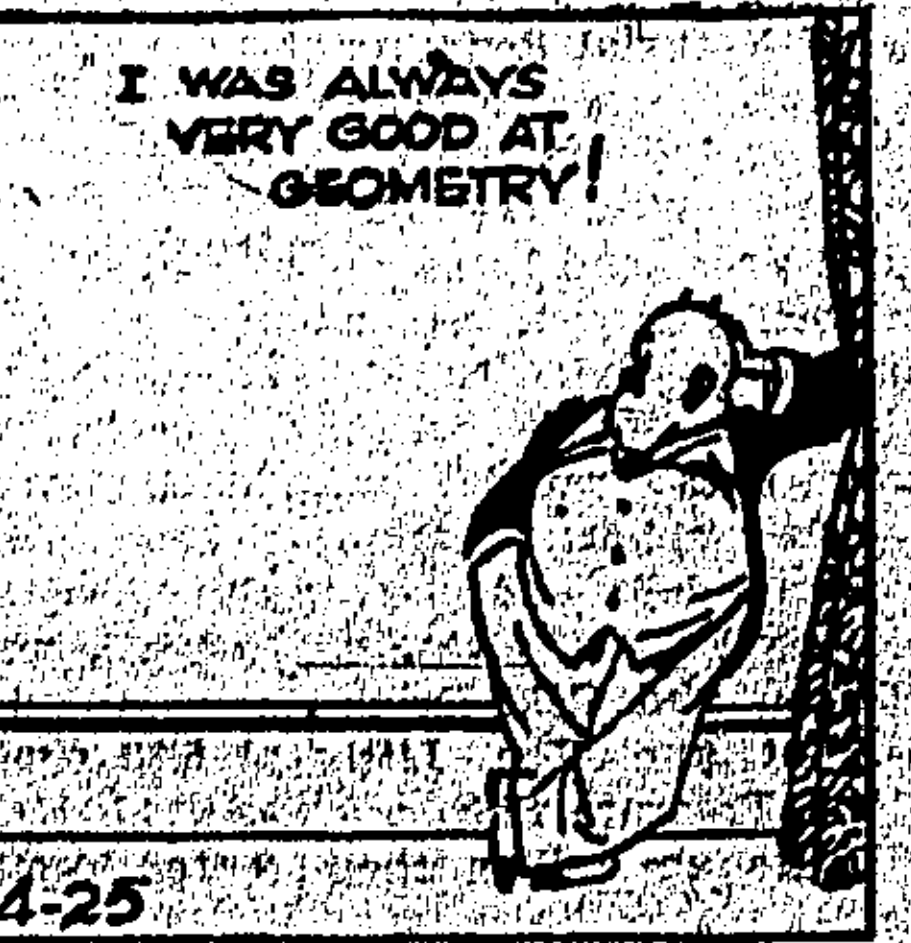

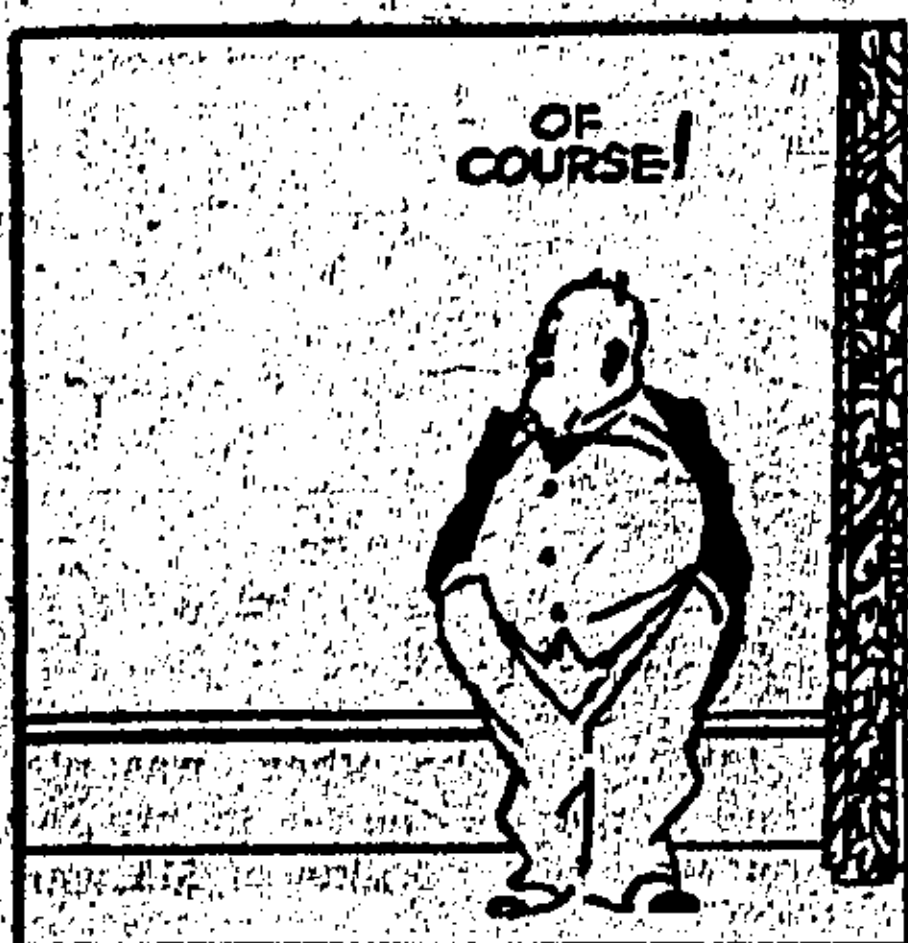

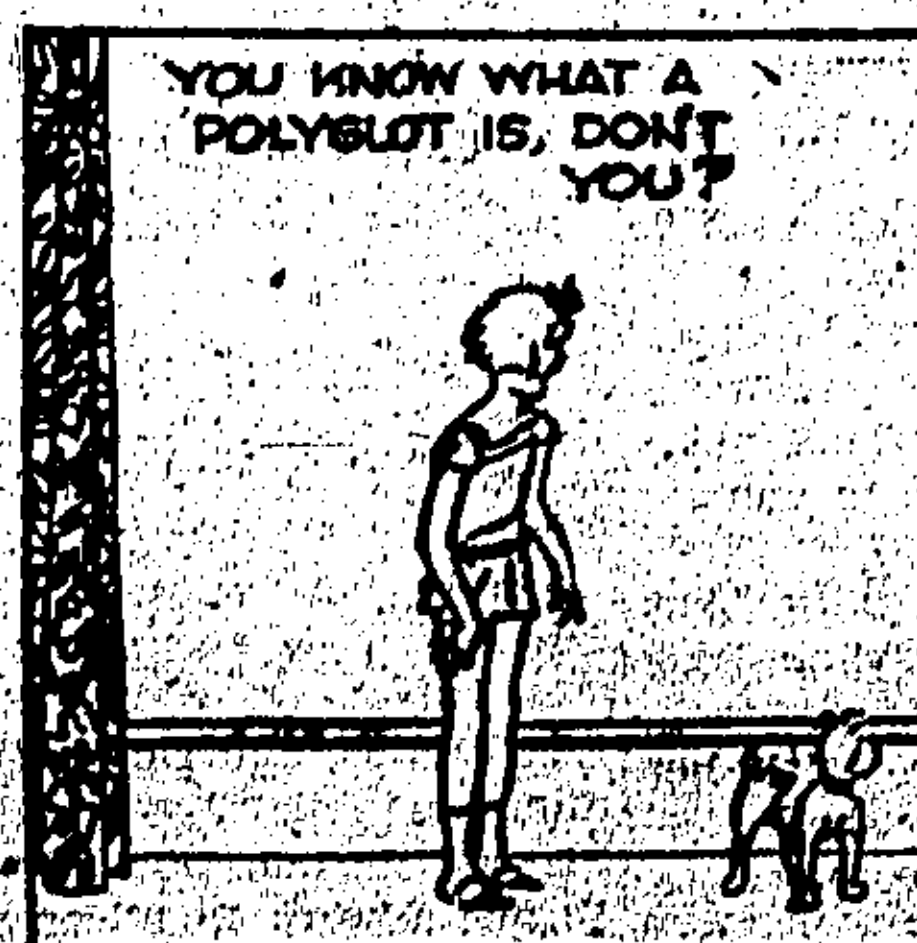

"I've never known you do an unselfish act in your life old boy."

"Right. My only concern was to save myself trouble and get you to the church in such condition that you could both speak audibly and walk unaided. With the help of Rose's Lime Juice I have succeeded. Listen carefully, Edmond, while I explain the chemical action of Rose's—"

"I say—tough! Quarrel to eleven! Where's the ring? Where's my hat? Is the car ready? Is my tie all right?—Hurry up, hurry up! Where's my—oh, here it is—QUICK!"

HONGKONG, JUNE 17, 1939

INDUSTRIAL CO-OPERATIVES

THE DELIBERATE destruction of China's industries and factories by the Japanese has failed, as the invaders had hoped, to subjugate the Chinese people. Far from impoverishing, demoralizing and crushing the Chinese spirit of resistance, Japan's ruthless aggression and shocking inhumanities have given the people of China greater strength for a new economic offensive, for prolonged resistance, for productive relief, for the salvation of China's industries, and for victorious peace-time reconstruction.

FROM THIS destruction have sprung up China's industrial co-operatives which are intended to give new life to China's millions. The significance of the movement, which is sponsored and helped by the National Government, and supported by China's leading bankers, industrialists and merchants, cannot be over-estimated. Four outstanding problems precipitated by Japan's wanton acts are being solved by the co-operatives. First, they provide a way for China to mobilize her economic and industrial resources so as to increase her power of resistance to Japan; secondly, they create a new basis for China's economic structure by giving rise to domestic industries; thirdly, they provide work for refugees who have been thrown out of employment in consequence of industrial plants having been destroyed or having fallen into Japanese hands; and, fourthly, they help to salvage and rescue machinery from threatened areas and to transplant it to the interior where work can be revived. Generalissimo Chiang Kai-shek has well said, "During natural crises, such as China is now facing, the most serious danger is the gradual economic decadence, which can eventually lead to the general collapse of the nation."

DEVELOPED by the Production Department of the New Life Movement, the industrial co-operatives do not supplant other forms of industrial endeavour; they merely fill an existing need. With the strong support of the Generalissimo and China's First Lady, they came into being as a corrective and a solution and were adopted to collect and re-employ artisans and available equipment, to establish small industries, and to fill the growing needs for materials which could be manufactured from raw materials in given regions. Coincident with production, the co-operatives, of which thousands and thousands are now scattered all over Free China, provide the means to rescue the self-respect of refugees by finding employment for them rather than allowing them to exist upon charity, if they exist at all. They help families of soldiers to cater for their own requirements and sell surplus products and they build up the morale of the people as nothing else can do. Self-respecting, independent citizens are produced, as well as good workers and essential materials.

IN THE INCREASING number of co-operatives that are coming into being in different parts of China, there is a notable development of enthusiasm and interest, not only on the part of the parti-

BRILLIANT SUMMER WEDDING

MR. A. S. K. LAU & MISS B. LAW

One of the most brilliant summer weddings among the Colony's Chinese social set took place in St. John's Cathedral yesterday afternoon at three o'clock when Miss Beatrice Yu So Law and Mr. Alfred Sui Kay Lau took their marital vows. The Very Rev. J. L. Wilson, Dean of the Cathedral, performed the ceremony.

Miss Law, the daughter of Mr. Y. P. Law, B.A., Senior Inspector of Vernacular Schools, was escorted to the altar by her father. Her costume of white silk tulle was a copy of the famous Parisian fashion house 'Lelong'. The design consisted of a full white skirt of tulle trimmed in rows of lacquered ribbon, and had a high neck with the same trim. The short circular veil of white tulle was held in place by a small group of stiffened lilies. The same flower composed the bridal bouquet.

The bride's attendants were Miss Lola Ng and Miss Elsie Law (sister) while Misses Rose Tan and Shirley Law acted as flower girls.

PASTEL BACKGROUND
The attendants' frocks carried out a soft pastel background of mauve and aqua blue for the bridal picture.

Miss Jean Ma, Maid-of-Honour, was a pleasing contrast in her gown of deep rose French chiffon out on Empire lines. The fashionable hoop-skirt of the gown was trimmed with white velvet ribbons, and a pleated petticoat peeped below the hem.

These young ladies of the social set waiting the bride, carried Victorian bouquets of rosebuds.

Mr. Lau, the son of Mrs. Lau Siu Cheuk, was attended by Mr. Victor Lam and served by Messrs. Leung Kwok and Peterson Wong as ushers.

BIG RECEPTION
At the termination of the Church service the throng of guests accompanied the bridal party to a large reception held in the Roof Garden of the Gloucester Hotel.

Later in the evening a Chinese reception was held in the residence of Mrs. Law, mother of the bride.

The honeymoon plans are indefinite, however, it is expected they will sail for a short trip to Indo-China, later returning to make their home in Hongkong.

POLICE REPORTS

The loss of two clocks, valued at \$10, from the Ying Wah Girls' School, Seymour Road, has been reported by Miss D. Hutchinson, Headmistress.

Surgical instruments valued at \$120 are reported by Dr. Li Chifai, of Nathan Road, to be missing from his surgery.

A thief who entered the Kowloon Confectionery stole clothing, jewellery and whisky to the total value of \$131.

Leading Seaman Gold, of H.M.S. Regent, has reported the loss of a camera belonging to him.

Ping Chung-yip, of the Universal Sales Co., French Bank Building, has reported that a typewriter was stolen from the office between June 10 and 12.

AS A MEASURE to assist in the solution of the refugee and wounded soldier problems, the co-operatives occupy first place. While co-operatives are springing up in many places, there is room for thousands more if equipment can be obtained and if support is forthcoming. Generous help has been given in the past by sympathetic friends and supporters of international justice and it is to be hoped that they will go a step further by giving their fullest support to China's industrial co-operatives and their further development.

Mr. Alfred S. K. Lau and his bride, formerly Miss Beatrice Law, daughter of Mr. Y. P. Law, Senior Inspector of Vernacular Schools, after their marriage at St. John's Cathedral yesterday afternoon. The Very Rev. J. L. Wilson officiated and a reception was held at the Gloucester Hotel.

ALL THE FUN OF THE FAIR

RED-LETTER DAY FOR COLONY'S YOUNGSTERS

To-day is red-letter day on the calendar for all the Colony's youngsters, for this afternoon, at two o'clock, in the painted grounds of Sir Robert Ho Tung, 254, The Peak, the National Association for the Care of War Orphans will open their second Children's Charity Fair of the season.

His Excellency the Governor has kindly consented to attend the Fair.

Young and adults will enjoy the parades of costumes, raffles, merchandise booths, and the various games and activities on the bill of the afternoon's entertainment.

Added Attraction
An added attraction at this Fair will be the cinema and the boating provided by Sir Robert for his little guests.

All the afternoon activities have been planned with the thought of fun, amusement and interest for all.

"Fair Goers" may drive to Sir Robert's Estate by motor car, via the Peak Road; or take the Peak Tram to the end and then rickshaw to No. 254 near the Peak School. The Hongkong Hotel bus will make trips for the Fair patrons throughout the afternoon at a small charge.

Special Buses
The special buses will be marked "Children's Charity Fair" and will leave the Vehicular Ferry Wharf punctually at the hour and half hour beginning at 1.30 p.m. and will only stop for extra passengers at Blake Pier and the Petrol Station at Queen's Road East and Stubbs Road. Those who are anxious to secure a seat are advised to come early, taking the 1.30 or 2 p.m. bus.

"Mr. Ngan" Sing-kwan, of the China Motor Bus Co. is generously providing the buses free of charge, but a collection of 20 cents or more per head will be made on the buses and the proceeds given to the War Orphans. Other transportation arrangements have already been announced.

Many Contributions
The Hongkong Hotel is kindly helping with the loan of furniture and tea things, as did the Peninsula Hotel for the Kowloon Fair. Mr. Bob Charles of the Hongkong Riding School, is providing four ponies and mares, and Commander Hickman has very kindly arranged for the officers of the H.M.S. Tamar to look after the breeches, boots, swimming, shooting gallery and chutes. The Film Depot is lending their projectors and films free of charge and the Kodak Co. is sending a photographer up to take some movies. So be on your guard!

The King's Studio is taking snaps of the Children's Dress Parade, free of charge. Mr. J. H. Rutonjee of the Hongkong Brewery is supplying two cases of beer as prizes, and innumerable other people will be sending cakes and candy, of which lists will appear after the Fair.

The Chinese National Red Cross generously handed over a large quantity of beautiful toys and useful articles presented by the American Red Cross, and these will be used as prizes or sold at the stalls. Housewives will be delighted with the towels, toothbrushes, soap, nuts, raisins and prunes, and the children cannot resist the lovely dolls and motor cars. The Dairy Farm is giving us their Ice Cream and Cold Drinks at 50% discount, and The Little Art Shop, the Treasure Shop and the Doll's House are selling their goods and giving us 20% of the proceeds.

Will everybody who is selling tickets please be sure to return all unsold tickets, and stubs as early as possible so that they can be sold and prepared for the draw at 5.30 p.m. Lady Macgregor and Mrs. M. K. Lo have kindly consented to officiate at the ceremony.

PROMISSORY NOTE DISPUTED

Defendant Alleges Forgery

A schoolboy against whom a claim was brought before Mr. Justice R. E. Lindsell in the Summary Court yesterday for repayment of a sum of \$50 due on a promissory note alleged that the document was a forgery and denied that the signature was his.

The plaintiff Chui Kwai-yuen, who was represented by Mr. M. A. da Silva, claimed the sum as owing to him by virtue of a promissory note dated November 23, 1938, or, alternatively, as the balance due on the purchase of a motor car.

Wong Man-foon, the defendant, stated, in evidence, that he was a student at St. Joseph's College and in November last he bought a car from plaintiff for \$300. On November 23, plaintiff called at his house and \$270 was paid in the presence of witness mother. Prior to that, \$30 had been paid on account.

On both occasions, witness had asked for receipts, but was not given any. He subsequently received his receipt, and, as far as he was concerned, the matter was over.

DID NOT SIGN
Wong said he did not sign any promissory note, and also denied that he had asked plaintiff to help him out by making out the receipt for \$300. He also denied that the price agreed on for the car was \$325.

Questioned by Mr. Silva, defendant said he believed either plaintiff or somebody else had forged his signature on the document. Mr. Silva told His Lordship that because of these allegations, he would call expert evidence on the matter of the signature.

Defendant was then asked to write several specimens of his ordinary signature, which would be sent for expert analysis. The case was adjourned to July 19.

Mr. Alfred Y. Hon appeared for defendant.

ADDITIONAL SESSIONS CASES

The following additional cases are down for trial at the June Criminal Sessions, which commences at the Supreme Court on Monday:

Wong Kwong, Yu Yue, Li Au, Chu Wat and Ho Yuk: possession of dangerous drugs;

Tsang Sang: breach of deportation order;

Yau Sang, alias Li Sang: breach of deportation order;

Lam Hei, alias Ngan Keng: armed robbery;

Chan Yuen, Lui Sik-ping, Lui Chung and Hui Tong: possession of arms, robbery and shooting with intent;

Lam Yuk-kai, alias Man Chi and Lam Yuk-tong, alias Man Lai-chi: robbery by two or more;

Ma Chun: breach of deportation order.

I.R.C. TOMBOLA

The second tombola of the Indian Recreation Club, held last night, was again a success, many members and their friends attending.

FAR EAST DEFENCE MEASURES

Adml. Noble And G.O.C. Leave

SINGAPORE TALKS

Admiral Sir Percy Noble, Commander-in-Chief of the China Station, and Major-General A. E. Grasett, General Officer Commanding the British Troops in China, left for Singapore in H.M.S. Kent yesterday to take part in talks with French naval, military and air force chiefs and to examine local defence measures.

The close liaison existing in Europe between Great Britain and France has resulted in an invitation being extended to the French Commander-in-Chief, Vice-Admiral Decoux, the General Officer Commanding the French Troops in Indo-China, Lt-General Martin and Col. Devez, French Air Staff Officer, to visit Singapore this month for consultations.

Admiral Sir Percy Noble and Maj.-Gen. Grasett are expected to return to Hongkong at the beginning of July.

H.K. DEFENCES TESTED
On Thursday night, the Commander-in-Chief and the G.O.C. inspected Hongkong defences which were manned in a combined exercise designed to test and improve the co-ordination of the naval and military forces defending the Colony.

The exercise began early in the evening and concluded shortly before midnight.

It is understood that similar exercises will be carried out throughout the season.

"HONOLULU" IS ATTRACTIVE FILM FARE

Splendid Acting By Fine Cast

At the Queen's Theatre last night the comedy and musical film "Honolulu" took place. According to news from Shanghai, this M. G. M. production attracted great attention there during its first run, the Nanking and Cathay Theatres being filled to overflowing.

The story is about a famous film star, Brooks Mason, who meets a man in the street, George Smith, whose appearance is exactly the same as his own. It is on this similarity of appearance that the story is based. The parts of both Mason and Smith are played by Robert Young with unusual success.

Eleanor Powell acts as a dancer. Dorothy March, who falls in love with Mason and she fills a very exacting part.

Gracie Allen and George Burns play the comedy part with excellence.

On the whole the film is very attractive and the music is second to none. Here we have seen Honolulu, the Pearl of the Pacific, and one who loves Honolulu and music should not miss this picture. —R. C.

\$20,000 ESTATE

Local estate valued at \$20,000 was left by Walter George Daxby, merchant, who died at Fairlight, Chislehurst Common, Kent, England, on February 7, 1938. An application by E. A. Wadson, solicitor and lawyer, for sealing, certified copy of probate, of the will and codicils has been approved.

TRAFFIC CASE

Appearing before Mr. E. A. D. Forrest, at the Central Court yesterday, G. Cox, residing at Lau Li Street, was fined \$20 for failing to notify the Police his change of address while being an owner of a motor car and with failing to carry two front lights and a rear red light while driving on May 25.

Hello & Goodbye

(BY A. W. HYER)

There have been few planes in the air, the Kowloon piers are practically empty, and most of the boats in the bay are bobbing up and down with nothing to keep them steady. In other words, travel has been almost nil in the past couple of days.

It is too quiet, something is sure to happen, but just what we should hate to predict!

Imperial Airways

THURSDAY, 7 a.m. Captain A. B. Dykes flew the "Dorado" down to Bangkok.

Mr. E. Burn, the young government official, having that distinguished beard, actually went flying to his headquarters in Calcutta. His job of inspecting and passing the overhaul and repair work of the Imperial Airways' plane "Della" required his presence in the Colony.

Off again he only arrived the other day—was Mr. J. W. Hamilton, number one engineer of Imperial Airways. This time he travels down to Bangkok to inspect the rear-floor damage the "Delphinus" sustained in the Siamese capital. The floor did not actually give-way, but it came close to it.

Another service of Imperial Airways, departed from Kai Tak, Friday morning with Captain L. J. M. White at the controls of the "Della".

Mr. E. Welsing held a ticket to London, and Mr. E. W. Hildenham travelled to Bangkok, continuing later to Amsterdam by K.L.M.'s service.

Friday Arrival

THE FRIDAY service of Imperial Airways arrived at Kai Tak at 3.10 p.m. with Captain Joe Davies putting his plane down on the ground with the greatest of ease.

Mr. M. H. Curtis, number one in the local Imperial Airways' office returned from a hectic inspection tour. And though he appeared weary and loaded down with bulging brief cases, he had smiles for everyone.

And now for the news of the month! "God's gift to women" will shortly return to the Colony—none other than Captain J. Newman Wilson, who has been on vacation—during the past three months in Australia: his home. It is a surprise, as the Captain was not positive of his return to the Bangkok-Hongkong route.

Pan American Airways

WITH A LIGHT load, Captain J. McGlohm took the California Clipper into the air, heading for Manila on Thursday at 8.40 a.m.

PASSENGERS BY THE TAI SANG

The following passengers left Hongkong for Haiphong and Shanghai by the s.s. Taisang on June 15:—

Mr. Lien, Mr. Compton, Mr. Kreig, Mr. Bumstead, Miss Kreig, Mrs. Goldenberg, Mr. Lee Ching, Mr. Lum Lan-po, Mr. F. R. Lamb, Mr. Candrop, Mrs. C. T. Lee, Miss N. D. Bernfield, Mr. W. B. Place, Mr. D. NO H.K. MAILS ON CENTURION

With regard to the recent mishap to the R.M.S. Centurion at Calcutta, Imperial Airways announce that this was a homeward bound aircraft which was not carrying mails from Hongkong.

It was operating the service which passes through Bangkok on Monday, and therefore does not provide a connection from Hongkong.

UNMUZZLED DOGS

Mrs. V. Walker, residing at 350, The Peak, appeared before Mr. R. Edwards, at the Central Court yesterday, summoned for allowing her two dogs to wander in Repulse Bay beach without lead or muzzle on June 4.

Defendant pleaded guilty, but told the Court that only one dog was running around the beach, the other was playing with her daughter in her private shed.

A fine of \$15 was imposed.

FILTHY HABIT

"This filthy habit of dumping night-soil must be stopped," remarked Mr. E. Himsforth, at the Kowloon Magistracy, yesterday when he imposed a fine of \$20 or five weeks imprisonment (each on three night-soil codicils, Sir Po, 24, for Ram, 39, and Chiu Yiu, 20, for dumping night-soil, at Arran Road, near Redemission Street, and Prince Edward Road, on Thursday.

SERIOUS IMPLICATIONS IN JAPANESE ATTITUDE: PREMIER'S STATEMENT TO HOUSE OF COMMONS

LONDON, June 16 (Reuter).—"The British Government is considering the situation created by the refusal of the Japanese to accept the proposal of a Committee of Inquiry and by the continuance of the blockade of the concession," said Mr. Neville Chamberlain, in the House of Commons yesterday in the course of a statement on the situation in Tientsin.

To a suggestion that the British Government should invoke the Nine-Power Treaty, the Prime Minister replied that the situation was obviously grave and the Government was considering it in all its aspects, but he was not prepared at the moment to say what action they would decide to take.

GOOD OFFICES OF U.S.A.

No Information On Joint Action

WASHINGTON, June 16 (Reuter).—Mr. Cordell Hull, U.S. Secretary of State, at a press conference, said that exchanges of information regarding Tientsin were taking place between Washington, Paris, London and Tokyo, but he had no information on possible joint action by Britain, France and America.

Referring to his statement of Thursday, that the United States representatives in Tientsin would do all they possibly could to pacify the situation, Mr. Hull said that all he had in mind was the possibility of good offices.

FRANCE SUGGESTS SANCTIONS

PARIS, June 16 (Reuter).—The evening papers warmly approve of the British attitude in Tientsin and emphasize that the Japanese have now raised the larger question of the concession generally.

The "Intransigent" says that economic sanctions could be imposed and Japanese ships forbidden the facilities of British and French ports.

A PLAIN WARNING TO JAPAN

LONDON, June 16 (Reuter).—The "Daily Telegraph" in a leader on Tientsin, says that the initial moves in this game intended to secure a position by bluff, have evidently not succeeded and it remains now to see how willing the Japanese may be to recede from their false position or how far they may attempt to go to increase the pressure exercised on British communities in the Far East.

The co-operation of Britain, France and the United States is desirable, and more likely, in view of the possibility of new Japanese moves timed in concert with the Axis pressure in Europe.

The prudence which has hitherto kept Japan's leaders from promising the Axis military assistance might well be extended into inquiring what economic help Germany and Italy can afford her if the Western Democracies take certain measures against Japanese trade.

If provocation of the kind given in Tientsin continues, it is unlikely that the British Government, for one, will content itself with protests.

NO REPLY YET TO BRITISH NOTE

LONDON, June 16 (Reuter).—No reply has yet been received to the British protest regarding the searching of British subjects and boarding of a British tug at Tientsin.

There has been no consultation with the United States as to possible retaliatory measures, but close touch is being maintained through diplomatic channels with the United States and French Governments.

Sidi Mohamed, Sultan of Morocco, has arrived at the Castle Champs sur Marne, travelling incognito, and, therefore, was not received officially. The population of the township gave the Sultan a rousing welcome. (T. O.)

The Premier said that the British military authorities were taking all precautions for maintaining order and that H.M.S. Lowestoft was moored alongside the bund of the British Concession.

Sir Robert Craigie, British Ambassador in Tokyo, had made representations to Mr. Arita, the Japanese Foreign Minister and had been instructed to point out the danger of provocative attitude by the local Japanese, which might lead to regrettable incidents.

Sir Robert Craigie had further drawn attention to the serious implications in the statement made by the Japanese spokesman in Tientsin to the effect that the question at issue could not be settled by the handing over of the four accused men, but that the object of the blockade was to secure a much wider form of co-operation from the British authorities in China.

Inviolability Query

LONDON, June 16 (Reuter).—In the House of Commons on Monday, Mr. David (Lab) will ask Mr. Chamberlain if the Government propose to take action in Tientsin to maintain, in view of the gravity of the principle involved, the inviolability of the British Settlement.

NEW CREDIT FOR CHINA

LONDON, June 16 (T/Ocean).—England will advance a new credit to China shortly, it is reported this morning in the "Financial News."

It will be recalled that China received a credit of \$5,000,000 for the purpose of stabilization of her currency in March of this year.

The paper does not state the amount of the forthcoming credit.

DEVELOPMENT OF WIRE BROADCASTING

Government Decision Announced

LONDON, June 16 (BWS).—The Government's decision to develop wire broadcasting to the maximum possible extent was announced in the House of Commons this morning. The Postmaster General, Major Tryon said that three years' extension of licences of relay companies expires in December this year.

In the interval the position had changed in several very important respects. Technical research and practical experiments carried out by the Post Office had definitely established the possibility of providing wire broadcast service of high quality over telephone wires without interfering with their normal use for telephone purposes. An even more important change was the change in the international situation.

The Postmaster General said the main consideration which led the Government to decide that public interest would best be served by the development of both relay companies services and post office telephone service was its importance from the point of view of national defence and national safety.

The Government hopes the relay companies will establish relay services in fresh areas as soon as possible. The relay companies licences will be extended for a further period of three years, subject to certain modifications regarding the programme supplied to subscribers and the control of exchanges in the time of emergency.

JAPANESE SHANSI DRIVE REPULSED: CHINESE PUSH IN SHANTUNG SUCCEEDS

CHUNGKING, June 16 (Central).—The Japanese much-publicized "mopping up" drives in Shantung have been repulsed with heavy losses, stated a Chinese military spokesman.

Supported by bombing planes, 30,000 Japanese troops launched the eighth offensive on the Chungmiao mountain range, in South Shansi, according to the spokesman. Advancing in nine columns, they attempted to encircle and annihilate the Chinese defenders.

To entice the Japanese into the hilly regions, the Chinese voluntarily abandoned Changtientshen, Tachengtsun, Pinglu, and Maotintu. After the invaders had gone far enough, Chinese cavalry units raided their rear. The Japanese, occupying Changtientshen suffered heavily when they were subjected to flanking and rear attacks. They fled northward in confusion.

A Chinese general counter-offensive, the spokesman revealed, was then launched, resulting in the recovery of Maotintu, Pinglu, and Tachengtsun in quick succession.

In West Shansi

In West Shansi, the Japanese drive to the Yellow River, flowing along the Shansi-Shensi border, which was launched by over 10,000 troops also ended in a complete failure, the spokesman claimed. Kuntu, Lulin and Tumen, which fell into the Japanese

hands, were recaptured. After suffering reverses, the Japanese retired to Lishih and Chungyang.

The spokesman declared that neither had the Japanese campaign in Shantung any success. Some 20,000 Japanese troops and more than 30 planes drove toward Mengyin, Chuhsien and Yishui from the east, west and north. Severe fighting took place at all the three places. Taking advantage of the hilly terrain, the Chinese engaged in hand-to-hand combats with the invaders.

The Japanese mechanized equipment was totally ineffective in hill fighting. The engagements were described as the severest in Shantung since the beginning of the year. At Mengyin alone over 2,000 Japanese were slain in action.

At Yishui the Chinese have retaken Pukouchen and are driving on Ling chi while at Chuhsien a stalemate exists.

ROYAL TOUR ENDS:

THEIR MAJESTIES SAY FAREWELL TO CANADA

HALIFAX, NOVA SCOTIA, June 16 (Reuter).—"Our minds and our hearts are full. We leave your shores after some of the most inspiring and illuminating weeks in our lives," declared His Majesty the King, in a farewell broadcast to Canada.

The King said: You have given us a welcome the memory of which will always be dear to us and we hope we have made many friends amongst you.

We also had the opportunity of crossing your border and paying a brief visit to Canada's great and friendly neighbour to the south.

"Thank You All"

Speaking in French, the King added: My first duty is to thank you all from the bottom of my heart in the very short time you enabled us to see many things. We have to thank you not only for your personal kindness, but for the perfection of your arrangements.

Proceeding with his speech in English, the King said: I return to England with a new sense of the resources and responsibilities of our British Empire. I am confident that Canada has before her a development far beyond her most optimistic dreams of her pioneers.

Growth Assured

Her growth of material and wealth is fully assured for her sons and daughters. I wish her even greater growth in stature of mind and spirit.

I go home with another thought which is a comfort and an inspiration. From the Atlantic to the Pacific and from the tropics to the Arctic lies a large part of the earth where there is no possibility of war between neighbours whose peoples are wholly dedicated to the pursuit of peace—a pattern to all men how civilized nations should live together.

It is good to know that such a region exists, for what man can do once, he can do again by God's grace. Yours may yet be an example which all the world will follow.

The Queen also broadcast a farewell message thanking all the people of Canada for "the wealth of affection you offered us throughout these unforgettable weeks."

TRADE AGREEMENT

The negotiations with a view to concluding a new trade agreement are to begin shortly between England and Soviet Russia, says "The Times." The negotiations will have as their object an extension of the trade agreement regulating the mutual trade between the two countries at the moment as well as the alteration of certain paragraphs of this agreement. (T. O.)

UNIQUE IN HISTORY

LONDON, June 16 (BWS).—"The Times" surveying the events of a memorable month says, "For thousands upon thousands of miles, whether among their own subjects or in the great friendly republic to the south, their passage has been a triumphal progress, unique in history. There lies for the future of humanity in the proof that two nations, at least, are ready to greet, with more jubilant enthusiasm, a man whom all know to stand, not for domination and martial glory, but for liberty, international brotherhood and fruitful ideals of peace."

"The laurels that King George and Queen Elizabeth have won in these strenuous weeks are wholly their own. Their unaffected charm laid the whole continent at their feet. The results of the tour are intangible but they are certainly profound."

The "Daily Telegraph": "In all the long annals of principalities and powers there is to be found no parallel to this all-prosperous adventure of a reigning Monarch and his Queen in a mission of human friendliness."

Before Their Majesties' departure, Mr. Mackenzie King, Prime Minister of Canada, presented the Queen with a twin silver fox fur as a memento of the visit. He also presented an arctic white fox stole for Queen Mary and sets of marten scarves and muffs for the Princesses.

ISSUE OF NEW CURRENCY

Senators' Proposal To President

WASHINGTON, June 16 (Reuter).—Senators McCarran and Thomas have introduced into Congress a proposal to direct President Roosevelt to issue \$2,000,000 new currency on the backing of sterilized gold and gold held by the Stabilization Fund. The Senators also proposed that the price of the newly minted domestic silver should be raised to \$1.04 per ounce.

The proposal takes a share in the "Amendment Bill," prolonging the President's power to devalue the dollar, which comes up for debate on June 19.

M. Gafencu, the Romanian Foreign Minister, again conferred for two hours with the Greek Prime Minister and the Foreign Secretary yesterday, says Reuter.

WAR MATERIAL PURCHASED FROM AMERICA

France Again Heads List Of Countries

List Of Countries

NEW YORK, June 16 (T/Ocean).—The official report of the State Department on the export of licences for arms and ammunition and other war material issued for the month of May shows that France again led the list of countries which bought material from the United States, with a total of \$9,493,683. These export licences were issued for military planes purchased by France in America.

Second place in the May list is held by Australia with export licences totalling \$4,428,311, like-ly mostly military planes. Australia appears for the first time as a large-scale buyer of American war material.

Third place in the list of export licences is held by Holland which purchased planes of the total value of \$1,938,110.

During the first five months this year France purchased war material of the total value of \$20,997,000 from the United States while England bought during the same period American war material of the total value of \$14,236,000.

FOREIGN PUBLICITY DEPARTMENT NEW MOVE TO COUNTERACT MISREPRESENTATION OF BRITISH POLICY

LONDON, June 16 (Reuter).—The British Government has decided not to set up a peace-time Ministry of Information, but to establish a Foreign Publicity Department of the Foreign Office, under the general direction of Lord Perth, announced Mr. Neville Chamberlain, in the House of Commons yesterday.

Mr. Chamberlain said that a great deal of valuable work has already been done in spreading knowledge of this country through the cultural and educational work of the British Council in disseminating accurate information and counteracting foreign misrepresentation of British policy and in the action by the B.B.C. in their foreign language broadcasts and the press. The Foreign Office

maintained the necessary contacts with all these channels of publicity.

More Effective

There was reason to suppose that these efforts had been a good deal more effective than was generally realized, but Government opinion of their effectiveness could be considerably strengthened if their direction was co-ordinated and concentrated in a special department of the Foreign Office. Accordingly it was decided to establish a department under the name of the Foreign Publicity Department of the Foreign Office.

This Department would include that section of the news department, which was previously concerned with that work and would be provided with an additional staff.

Mr. R. A. Butler, Under Secretary for Foreign Affairs, would give special attention to the Foreign Publicity Department and Lord Perth, whose acquaintance with international affairs was well known, had accepted the invitation to undertake the general supervision under Lord Halifax.

Individual Syrian districts are to have financial and administrative autonomy making them practically independent from the central Syrian Government.

SENIOR TOURIST TROPHY WON BY FOREIGNER

GERMAN BREAKS RECORD

ISLE OF MAN, June 16 (Reuter).—The Senior Tourist Trophy motor cycle race over 284 miles in excellent conditions was won by a German, Lieut. Meier, riding a BMW.

Leading throughout he won in two hours 57 minutes 19 seconds, at an average speed of 88.83 miles per hour, which was a record beating last year's two hours 57 minutes 50 seconds.

Lieut. Meier is the first foreigner to take the Senior T.T. out of Britain.

An Englishman, West, was second on a BMW machine in two hours 59 minutes 39 seconds with a speed of 88.21 m.p.h.

Another Englishman, Frith, riding a Norton, was third in three hours 11 seconds at a speed of 87.96 miles per hour.

MR. MACDONALD QUESTIONED

GENEVA, June 16 (Reuter).—Mr. Malcolm MacDonald, Secretary for the Colonies, was questioned by members of the Mandates Commission regarding the Palestine White Paper at a private meeting of the Commission. The nature of the questions are not divulged. It is understood that some members took a critical attitude towards the White Paper proposals.

CATHOLIC NEWS & NOTES

FEAST OF THE SACRED HEART: SAINT ALOYSIUS: A SURGEON'S PRAYER: A CHINESE CIRCUS ARTIST

In all the Catholic Churches of the Colony the Feast of the Sacred Heart of Jesus will be celebrated to-morrow. The actual day of the feast was yesterday, but for greater convenience the observance of it is transferred to Sunday. The special event of this day is the "Act of Consecration."

The meaning of the "Feast of the Sacred Heart" is the observance of a special day when the Church and all the members of it honour in a special way the love which Jesus Christ showed for mankind. The symbol of the heart is used because it is one common to people of all races and it makes clear to even the simplest persons what the devotion implies.

The "Act of Consecration" is the recital of a solemn formula by which those who are sensible of their indebtedness to Jesus Christ for the love which He showed in their regard express in return their intention of devoting themselves, as far as is possible, to His service. This does not involve the exercise of any new obligations, but it means an effort to return "love for love" in every way that is possible, and above all by an attempt to lead a better life within the coming year.

St. Aloysius

Next Wednesday, the longest day of the year, and this year the day of the Dragon Boat Festival, is the feast of St. Aloysius Gonzaga, whom the Church puts forward in a special way as the Patron of Youth. The unhappy practice of painters in depicting him as an anaemic young man with an expressionless face has made him one of the most misunderstood of all saints, but the history of his life shows him to have been a young man of strong character and high ideals, as fine an example as could possibly be put before the young.

He lived in the sixteenth century in the days when the Medic family was at the height of its power and he was of a princely family closely allied to the Medici. He was the heir to the Marquisate of Castiglione and his youth was spent at the courts of the Duke of Mantua, the head of his family, and of Philip II in Spain. He seemed to have all the gifts of a mediocrally nobleman and to be destined for a brilliant career, when he suddenly caused consternation by expressing a wish to renounce his honours and become a Jesuit.

It took a long time to get permission to carry out his wish, but at last he achieved his purpose. In his new life he showed qualities quite as outstanding as in the life he had left, but before his studies were completed he died in the service of the plague-stricken during a Roman epidemic. He was only twenty-three at the time of his death, in 1591.

A Surgeon's Prayer

A short time ago there was reproduced in this column the "Oath of Hippocrates" which has summarised the ideals of medical practitioners for many centuries. Catholic doctors, however, look higher than to an ancient pagan for inspiration, and they take as their patron St. Luke, the writer of the Third Gospel and who, as St. Paul relates, was a physician. Here is a very human prayer in which a surgeon asks his patron for the help he needs:

"Dear Saint Luke, friend and medical adviser to St. Paul, guide my hand and my eye for the sake of my patients. Steady my nerves and my scalpel; watch the microbes and the nurses; make muscles, veins, arteries and nerves behave according to the book; keep an eye on the anaesthetist. Save us all lapses of memory, fraying of tempers, confusion of bottles and instruments, miscounting of swabs and blunders of diagnosis. If it is 'kill or cure,' please cure; if it is 'kill or maim,' please maim; but save my patient and my reputation. As there is no time for more praying, I say: Amen."

Chinese Circus Artist

In the United States, as in England, France and other countries, there is a "Guild of Catholic Actors and Actresses," which enables the Catholic members of the acting profession to know one another and meet friends of their own religion wherever they go. In the United States a similar league has just been formed for circus performers, since it seems that there are also a considerable number of Catholics amongst them.

LESSON SERMON

FIRST CHURCH OF CHRIST, SCIENTIST, HONGKONG. SUBJECT—IS THE UNIVERSE INCLUDING MAN, EVOLVED BY ATOMIC FORCE?

The subject of the Lesson Sermon in all Christian Science churches to-morrow June 18 will be "Is the Universe, including Man, evolved by Atomic Force?" The Golden Text will be:—"To us there is but one God, the Father, of whom are all things, and we in him: (1. Cor. 8: 6).

Among others the following citations will be read from the Bible:—"For lo, He that formeth the mountains, and createth the wind, and declareth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth, The Lord, The God of hosts, is His name. Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine: thine is the kingdom, O Lord, and thou art exalted as head above all. Now, therefore, our God, we thank thee, and praise thy glorious name." (Amos 4: 13; 1. Chron. 29: 11, 13).

The following citations will also be read from the Christian Science Text-book "Science and Health with Key to the Scriptures" by Mary Baker Eddy:—"The notion of a material universe is utterly opposed to the theory of man as evolved from Mind. Such fundamental errors send falsity into all human doctrines and conclusions, and do not accord infinity to Deity. For right reasoning there should be but one fact before the thought, namely, spiritual existence. In reality there is no other existence, since Life cannot be united to its likeness, mortality. Being is holiness, harmony, immortality. It is already proved that a knowledge of this, even in small degree, will uplift the physical and moral standard character. This progress will finally destroy all error, and bring immortality to light." (Pages 545, 492).

To be an ordinary member of the Fifth Class or Member:—Capt. Jose Simao Rodrigues, June 8, 1939."

KING'S BIRTHDAY REVIEW

The following letters, exchanged between H.E. the Governor and Commander-in-Chief and the General Officer Commanding, are published for communication to all ranks:—

From H.E. the Governor and Commander-in-Chief to the G.O.C. dated 9.6.39: "I shall be grateful if you will convey to the various units who were on parade yesterday morning a message of my high appreciation of their smartness and steadiness in somewhat difficult circumstances. I felt it to be a great privilege to inspect and take the salute of such a fine array of men."

From the G.O.C. to H.E. the Governor and Commander-in-Chief dated June 9, 1939: "I have the honour to thank Your Excellency for your letter of to-day's date in which you have very kindly expressed your approval of the appearance of the troops on yesterday's parade."

STAMP COLLECTOR'S COUP

£475 For 1918 Air Mail Stamp

A stamp buyer paid £475 at Harmer, Rooker and Co.'s auction on June 2 for a United States 24-cent air-mail stamp, in carmine and blue, which was issued in 1918.

The story of this stamp, one of only 100 in existence, is among the romances of philately.

In 1918 a buyer went into an American post-office and asked for an air stamp. He noticed that the sheet produced showed centres inverted, and promptly said he would take the entire sheet of 100, for which he paid about \$5.

He sold the sheet for £5,000.

The specimen sold yesterday was part of the collection of air post stamps and flown covers formed by Mrs. Louisa Anson McCleverty. The collection realised \$4,437.

High Prices Paid

Apart from the American rarity, the best prices were obtained for Newfoundland issues. Sir W. Lindsay Everard, M.P., paid £425 for a 1919 Martinsyde, manuscript overprinted "First Aerial Mail, J.A.R." on 3c. red-brown, on complete flown cover, and postmarked St. Johns April 19, 1919.

A 1927 de Pinedo, 60c. black, mint copy, sold for £310.

A 1919 Hawker 3c. red-brown over-printed "First Transatlantic Air Post, April, 1919" was bought for an American at £210; another Hawker, on cover postmarked St. Johns, April 12, 1919, realised £105; and a 1933 Balbo Flight issue, \$4.50 on 10c. yellow, error surcharge on wrong value, sold for £230. This last is one of only eight stamps of the kind known to exist and is overprinted "Gen. Balbo Flight."

COLONY HEALTH RETURNS

Twenty-eight cases of tuberculosis were notified to the Health Department on June 15, in addition to six cases of cholera, four cases of dysentery, three cases of measles and one case of cerebro-spinal fever.

WAR ENTERS ECONOMIC STAGE

WHY JAPAN CAN NEVER WIN LONG-TERM CONTEST AGAINST CHINA

SHANGHAI (Reuter By Mail)—The growing belief that Japan can never win a long-term contest with China is reflected by "FINANCE & COMMERCE," Shanghai's leading financial weekly, in a leading article dealing with the new phase of the Far Eastern struggle, in which economic power, the periodical asserts, will be more important than military power.

Reviewing the effects in Japan of the protracted hostilities, the paper declares that business will become more difficult and the struggle more tedious, and it must be evident that at some point a non-ruinous peace will appear far more desirable to the Japanese people than the prospect of victory with inevitable impoverishment.

Stating that the struggle between Japan and China is gradually entering the economic phase, the paper says that although air raids will continue, they will not affect the broad issue. Japan has accomplished all she can hope to accomplish from a military point of view.

Refusal To Submit

Japanese Army leaders, however, it continues, did not foresee the present situation, where a nation, thoroughly beaten according to all military rules refuses to submit. The problems remaining are not of the kind which can be solved by force and inevitably the Japanese civilian officials, those whom the army frequently pretends to despise, must take a more and more prominent share in the direction of affairs.

Two years ago, the paper goes on, it was generally believed that Japan, a thriving industrial nation, was as much superior to China in economic power as she undoubtedly was in a military sense. In view of conditions to-day that opinion must be revised.

China's strength, it says, is broad-based. The war has demonstrated in a remarkable way that that strength has its foundation in "the good earth," and that no military reverses can destroy it.

Patriotic Fervour

Meanwhile, states "Finance and Commerce," the patriotic fervour in Japan, which acclaimed the outbreak of hostilities, has largely subsided. Although there may be no suggestion of weakening in Japan's resolve to reach the goal of her ambitious desires, two years of war have brought the people of Japan nothing in return for the

Constant Difficulties

While there is this depreciation in the yen and constant difficulties between Japan and other foreign powers, the paper declares, China is directing all her energies to the development of resources in the great areas of territory outside Japan's influence. While too much importance may easily be attached to the immediate possibilities of this new trend in industry, the results will be cumulative and two or three years hence China may find herself in a stronger position than she is to-day.

When Japan, somewhat boastfully, proclaimed that she was ready to pursue her present policy for the next five or ten years if necessary, "Finance and Commerce" concludes she failed to take into account the steady drain upon her resources, accompanied as it will be by a slow, but very definite, improvement in China's prospects.

The Ministry of Finance is considering the issuance of subsidiary bank-notes of the 1-cent, 2-cent and 3-cent denominations to relieve the shortage of copper and nickel coins in Shanghai. Such notes have been printed by the Chekiang Provincial Bank for circulation within the provincial areas, taking the place of copper and nickel coins, and it is expected that the new banknotes for Shanghai will be of a similar nature, the report states.

CHINA'S COTTON INDUSTRY.

PLANS FOR INCREASED
ANNUAL PRODUCTION

CHUNGKING, June 15 (Central).—The Chinese Government
is endeavoring to increase the annual production of cotton by
1,400,000 piculs in order to meet the demands of the civil
population of over one hundred million of South-Western China,
at present the base of the nation's war of resistance, and of
the military forces which are either fighting at the front, or
under training in the rear.

The original annual cotton output of Szechwan, Kwangsu,
Kweichow and Yunnan is 501,000 piculs.

Through extension work, com-
bating of diseases and insect pests,
increase of cotton acreage, and
distribution of good American cot-
ton seed to the farmers in the
vast interior not immediately
threatened by hostilities, the Gov-
ernment hopes to be able to solve
the question of clothing during
the present time of war.

It is the intention of the Gov-
ernment as well as that of the
provincial authorities that Sze-
chwan should endeavor to in-
crease its cotton acreage from
3,000,000 mow to 5,100,000 mow
Kweichow from 20,000 mow to
320,000 mow, Kwangsi from
300,000 mow to 900,000 mow,
and Yunnan from 200,000 mow to
400,000 mow all within three to
seven years.

Self-Sufficiency Aim
If this plan should be success-
fully carried out, it would mean
that Szechwan would be self-suffi-
cient in cotton after three years
from now, and Kwangsi would

have a surplus by 1945 to make
up the deficiency in Kweichow.
The National Agricultural Re-
search Bureau under the Ministry
of Economics is mainly responsible
for the cotton increase plan. It
has the full co-operation of the
provincial authorities of Sze-
chwan, Kwangsi, Kweichow and
Yunnan.

H. K. STOCK
EXCHANGE

As has unfortunately happened
so often during the past, the pre-
sent week proves an exception.
The previous week's market was
buoyant with buyers slightly out-
balancing sellers, leading to prices
moving in favour of holders, and
giving promise of better trading.
The market opened cautiously at
the beginning of this week, and
might very easily have improved
on its immediate predecessor. The
unfavourable turn of events in
Tientsin have put an effective
damper on any upward trend, and
indeed have led to a certain
amount of natural nervousness,
whilst in the main holders are not
showing undue signs of dis-
quietude, there are indications
that lower levels must be faced.
A point to be borne in mind is
that, at any rate, Utilities continue
to maintain, if not improve on
their working receipts, and with
any set back in their quotations
purchases on a long view must be
profitable.

COMMODITY PRICES
RISE IN SHANGHAI

SHANGHAI, June 16 (Int'l).—
Owing to the fall of the Chinese
currency, commodity prices here
are going up sharply. In general
the rise is by about 20 to 35 per
cent. The goods affected are im-
ported products.

Some Chinese manufacturers are
planning to take advantage of the
dollar slump to push exports.
Japanese merchants are also
following the measures as the yen
is lower than the Chinese na-
tional dollar.

MILE RECORD PROMISED AT PALMER STADIUM

Wooderson Favoured To Beat Cunningham To-day

SYDNEY WOODERSON, HOLDER OF THE WORLD OUTDOOR RECORDS FOR THE HALF-MILE, THE THREE-QUARTER MILE, AND THE MILE RUNS, will at Princeton University's Palmer Stadium to-day run a mile race in what will probably be a new world record time.

In the peak of condition, Wooderson has within recent weeks run a mile in 4 minutes 7.4 seconds, and 1320 yards in 2 minutes 59.5 seconds, the latter run in time that not only set in discard the amateur record by the Texan Wayne Rideout, but also the professional world record effort by France's Jules Ladoumègue in 3 minutes 59.6 seconds.

Wooderson's opponents in the Mile of the Century to-day will be the Kansan record-demolishing miler, the veteran Glenn Cunningham, and the Wisconsin hope, Charlie "Chuck" Fenske.

The field for what promises to be the fastest mile race in the history of modern track will also include two or three other runners, to be chosen from among Louis Zamperini, Archie H. San Romani, Wayne or Blaine Rideout, Gene G. Versake, Leslie Mac-Mitchell, John Borican, and Peter B. Bradley.

ZAMPERINI DOUBTFUL It is now very doubtful that Louis Zamperini, the Southern California speedster, will compete at Palmer Stadium. The Princeton Invitational Meet, unfortunately, coincides with the National Collegiate Championship Meet at the Los Angeles Coliseum in far-away California.

Zamperini, who is the only runner other than Cunningham who could prove a match to the record-holding Englishman, will be sorely needed at home and on his home track—to help the University of Southern California into its fifth National Collegiate Championship against an unusually strong challenge from Washington State College, the University of Michigan, and the University of Oregon.

Not in five years has the U. S. C. entered the National Collegiate Games against such strong opposition, and Zamperini's "gift" 10 points in the mile will be sorely needed.

Should Louis Zamperini compete at the Los Angeles Coliseum in preference to Palmer Stadium, it will be not unlikely that two world record breaking mile races will be run in one day, one a classic of international athletics and the other a classic of inter-collegiate athletics.

At Palmer Stadium, Glenn Cunningham will enter the field not as fast a man as he was in 1934, but possessed of more stamina and reserve than he has ever had. After a slow-running indoor season, Cunningham is ready for a cagy mile race and his chances of beating Wooderson will vary with the number of starters in the race.

ART OF RACING From years of running experience Cunningham has learnt the art of racing, as his indoor season wins in slow time over strong opposition serve to show. The bigger the field, the more racing worries, the greater will be Cunningham's chance to win.

The field that will start the Mile of the Century to-day will probably consist of Syd Wooderson, Glenn Cunningham, Chuck Fenske, Archie San Romani, Wayne Rideout or Blaine Rideout, and Princeton's Peter Bradley, the fastest Princeton miler since William Bonthron.

It is extremely unlikely that two mile races will run in the race. Blaine has done the distance in 4 minutes 10.8 seconds, and Wayne in 4 minutes 10.9 seconds. The twins are not keen on racing against one another, and being as good two-milers as they are milers, one will be chosen to run against the Indiana policeman, Donald R. Lash, in the two-mile invitational.

It is quite unlikely that either Fenske or San Romani will beat either Wooderson or Cunningham to the tape, but the Rideout twins are in their peak year, and the twin who will run the mile might claim second or even first place.

Peter Bradley, the Princeton entry, a 4:13.4 miler, is out of his class in the field he will compete with, but Princeton supporters and memories of Tiger Bill Bonthron may spur him on to a Princeton University record.

At the Los Angeles Coliseum, the classic mile run of Pacific Coast track and of National Collegiate track will feature the effort of at least three outstanding West Coast milers to beat the mighty Louis at his specialty. California's Cecil Cole, Stanford's Marston Girard, and Washington State's Dixie Garner should make it a 1-2-3-4 finish for the West Coast against the cream of Collegiate milers from every state of America. And the mighty Louis, winner in 4:08.3 last year, is more than prepared to cut a good four seconds off that mark!—V. V. K.

CATHOLIC NEWS AND NOTES

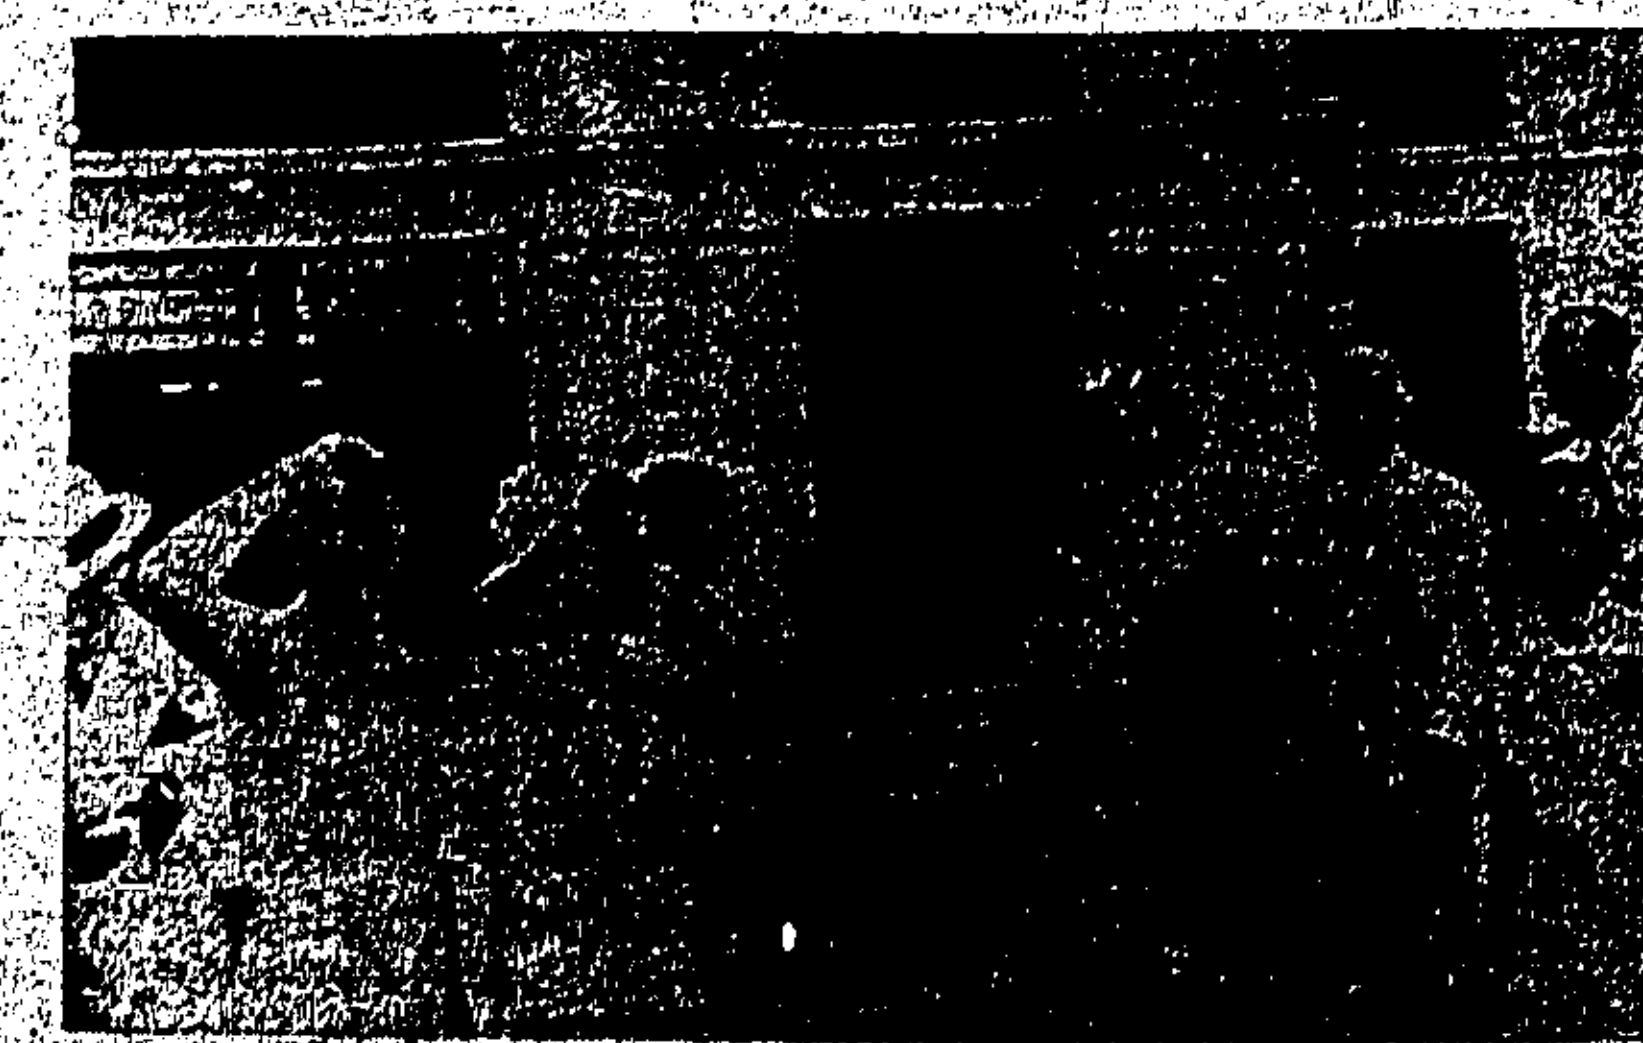

Continued from Page 16

One of these, a Chinese, recently visited the Office of the "Propagation of the Faith" (the centre of Missionary organisation) in America with a donation for the missions in her native country. She was an acrobat and, having known from her own experience of the work done by Catholic nuns in China, and having heard of the work that they are doing now in war-time she conceived the idea of making a collection to help them. She appealed to her fellow-acrobats, and everyone she asked, Catholic and non-Catholic, gave generously and she was able to give a substantial sum to be sent to China.

The interest in China's suffering continues unabated in the United States and it has stirred up very considerably by the efforts of Mgr. Yu-Pin, Vicar Apostolic of Nanking, who is at present touring there. Mgr. Yu-Pin had lunch with Henry Ford towards the end of May and Mr. Ford presented him with a car for his own use and a tractor to be sent for farming purposes to China.

PENFOLD GOLF TOURNEY

LONDON, June 16 (Reuter).—In the eighth series of the Penfold Golf Tournament, Chas. Whitcombe beat Burton 4 up and 3; King and Allis halved; Reginald Whitcombe and Lacey halved; Padgham beat Adams 4 up and 3; Perry and Rees halved; Cotton beat Gadd one up.

BASEBALL NOTES

Continued from Page 2

appear in the lineup, but it is very doubtful if the Nam Wah infield will be as strong as formerly.

The Portuguese boys have had an unhappy time this year and have gone down to three straight defeats; in spite of that, Recreio have plenty of baseball in them, and if only the whole squad could produce in the same match, they would cause the strongest of local teams plenty of trouble.

The Rambling Rec's should chalk up their first points in this clash.

The Nightcap

The Union Brewers will meet the Hongkong Baseballers in the nightcap, and should climb further up the league ladder without any difficulty. Chet Bennett will start his regulars, but will be looking out for a chance to give his second stringers an outing if his starting sluggers can chalk up a winning lead, which is a distinct possibility as the Baseballers will have difficulty in finding another hurler if Larry Lawrence should not feel up to pitching his second game in as many days.

"Doc" Molthen will probably take over mound duty if a relief hurler is needed, although Ernie Hearther might be more effective if his soup-bone should be in good working order. Another possibility is Paulino who has enough speed to trouble the Beer Barons, even if lack of practice has affected the control of his batters.

HOME CRICKET

LONDON, June 16 (Reuter).—Derby beat Surrey at Guildford by an innings and 43 runs. Derby: 247 (Parker 6 for 34). Surrey: 71 (A. Pope 6 for 44) and 127 (A. Pope 5 for 46).
